# HI-MACS®

---

**HI-MACS®: simply  
splendid everywhere**

Natural Acrylic Stone

# Outstanding features of a great material.

## Simple processing

HI-MACS® can be worked as wood. With carpenters' tools, this solid surface material can be sawn, sanded or drilled.

Photo: Petr Krejčí

## Huge colour spectrum

HI-MACS® offers an enormous range of colours. No matter what colour you choose, HI-MACS® remains 100% homogeneous.

## Seamless perfection

HI-MACS® allows for visually seamless fabrication. Smooth integration creates large hygienic, easy-to-clean installations areas without visible joints or edges as well as the flush mounting of bowls.

## Sheet material, sinks, bowls and a comprehensive accessories range.

HI-MACS® sheet material comes in 3 mm, 4 mm, 6 mm, 9 mm, 12 mm and 19 mm thicknesses and in eight standard formats. In addition, over-sizes are offered in four special formats.

## Three-dimensional design

HI-MACS® boasts a simple heating process and three dimensional thermoforming capabilities. Thanks to this forming flexibility spectacular ideas can quickly take on a concrete shape.

The comprehensive HI-MACS® bowls, sinks and top-mounted basins range provides products for bathrooms, kitchens, hospitals and many other applications. All sinks and bowls can be incorporated or integrated flush within the worktops. Special customised products are also available outside the standard range.

## Dramatic translucency

Certain colours and thicknesses of HI-MACS® exhibit a special translucency when exposed to light.

The standard HI-MACS® formats are 760 x 2490 mm, 760 x 3680 mm, 910 x 2490 mm, 910 x 3680 mm, 930 x 3000 mm, 1350 x 3000 mm, 1350 x 3680 mm, 1520 x 3680 mm.

## Quality is our DNA.

HI-MACS® benefits from the high-tech infrastructure and development experience of the LG Group who regularly bring stunning innovations to life.

## Quality is available.

We stock the entire colour and product range in one European central warehouse and 40 local warehouses in Europe.

## Quality is worldwide support.

Full access to LG after-sales support and fabrication network worldwide.

Quality is an excellent network of highly skilled craftsmen.

The most skilled and best trained fabricators of HI-MACS® are easy to identify as they are certified members of the HI-MACS® Quality Club.

## Quality is the longest warranty in the market.

We support our Quality Club Members with a 15 year warranty. The longest warranty in the solid surface market.

For living spaces and furniture design.

For public buildings such as offices and airports.

For hotels and restaurants.
