

# LG Hausys | Hi-Macs

Collection: Hi-Macs

Company: Mikeos & Kapetanios Ltd

## **The Material of Possibilities**

Hi-Macs® is a revolutionary surface which was developed from the prestigious organisation LG Hausys. Combining acrylic, natural minerals and pigments, the company managed to compose a solid surface that provides to individuals the ultimate flexibility to turn their plans, ideas and designs into reality.

## **Stands Up to the Challenges**

To begin with, Hi-Macs® is a non-porous and dirt-repellent surface, which possesses the ability to stand up to everyday stains and chemicals as it prevents the absorption of oils, fats, water and several other liquids. Thanks to these particular advantages, Hi-Macs® is ideal for work-tops in kitchen countertops as it cannot be harmed, therefore, cooking becomes an absolute pleasure for everyone.

## Excels in Every Application

Apart from that, the surface has an extremely hygienic nature and thus, ideally suited for the use in hospitals and laboratories. Consequently, it is considered to be as one of the most eco-friendly materials that exists in the market as it meets the highest standards for aesthetics, functionality and hygiene as well.

## **Design without Compromise**

The surface allows for visually seamless manipulation which means that, large areas can be integrated without any trace of joints and edges. Moreover, this prestigious seamless finish of Hi-Macs®, allows for repair and replacements leaving no visible trace.

What is more, Hi-Macs® possesses a thermoforming capability which allows the surface to be exposed to high temperatures. This particular thermoforming capability provides the ability to create challenging 3D designs where there is no radius, shape or angle.

### **Because Quality Wins**

Mikeos & Kapetanios Ltd provides a collection with 12 different colors that are able to meet and satisfy any decorative taste. In addition to this, certain colors exhibit a special translucency when exposed to light. This particular collection is ideal for designs with stunning light effects as well as for illuminated furnishings.

To conclude, important to be mentioned is that Mikeos&Kapetanios Ltd is a member of the Quality Club of Hi-Macs® which is a strong network of qualified fabricators, retailers and installers who receive personal training in workshops in authorised training centres. Mikeos&Kapetanios Ltd, by being members of this strong network community of Hi-Macs® - Quality Club – an installation warranty of 15 years can be offered to the end users of the company.
